

WORLD CONFERENCE ON DROWNING PREVENTION

VIETNAM
10-13 MAY
2011

Join the world's leading experts in the areas of drowning research, policy and practice at the World Conference on Drowning Prevention 2011. Vietnam is a venue that has rich cultural, historical and tourism highlights, and with drowning a leading cause of death in the region, it provides an ideal place to debate global efforts to prevent drowning.

Danang, Vietnam
Tuesday 10 to Friday 13 May 2011
